Watermark

Wmk. 5 — Star

Values for unused stamps are for examples with original gum as defined in the catalogue introduction. Any exceptions will be noted. Very fine examples of Nos. 1-8, 11, 18-20 will have perforations touching at least one frameline due to the narrow spacing of the stamps on the plates. Stamps with perfs clear of the framelines on all four sides are extremely scarce and will command higher prices.
