AREA — 43,000 sq. mi.
POP. — 2,602,100 (1997 est.)

Catalogue values for unused stamps in this country are for Never Hinged items, beginning with Scott 330 in the regular postage section, Scott B19 in the semi-postal section, Scott C67 in the airport section, and Scott CB4 in the airport semi-postal section.

Values for unused stamps are for examples with original gum as defined in the catalogue introduction. Any exceptions will be noted. Very fine examples of Nos. 1-3, 13-21 and 157-159 will have perforations just clear of the design due to the narrow spacing of the stamps on the plates and/or imperfect perforating methods.
